Frankfort Couple Enroute From Tinley When Crash Occurred

Mr. and Mrs. Ora Andrews, Frankfort township, were enroute home from Tinley Park Jan. 13 when the car in which they were riding, driven by Mr. Andrew, became involved in a collision on U.S. 30, east of 80th ave. Mrs. Andrew was fatally injured.

In the story last week it was incorrectly stated that the Andrews had been dining at Arch Inn prior to the accident. They had not been at the Inn but had gone to Tinley Park to make a purchase and were on their way

home when an east bound car driven by David J. Berg, 24, Lincoln Estates, is alleged to have turned left in front of them into a tavern parking lot and collided head-on with the Andrews vehicle.

Mrs. Andrews was thrown forward and her head struck the windshield. Rushed to St. James hospital, Chicago Heights, she was pronounced dead on arrival. Both drivers were given emergency treatment but neither was hospitalized.

Name Barenz To Succeed Ray Toppen

Because of business conflicts, Ray Toppen, member of the Mokena grade school board and secretary of that body, has resigned both posts.

His resignations were accepted with sincere regret.

The board then named Robert Shutte, one of its members, to serve as secretary. It was further agreed that it would be necessary to appoint someone to the board until the April election. At that time someone can run for Mr. Toppen's unexpired term. It will have two years to run.

The board appointed Willard Barenz to take Toppen's place on the board. Mr. Barenz, an employee of the Rock Island railroad, resides at 19615 Division st. He has children in the first and third grades at Carpenter school.

Invite Public To Hear Discussion Of Junior College Plan

Any person interested in the proposed formation of a Class 1 Junior College district embracing Will, Grundy and Kendall counties is invited to attend a meeting at Lockport West high school, U.S. 66-A between Lewis college and Hampton Park, next Monday night, Jan. 31.

The meeting is scheduled for 8 o'clock and Attorney Kenneth Timm, Cherry Hill, will preside and introduce Dr. Gerald Smith, executive secretary of state Junior College committee who will explain the junior college law. Timm is chairman of the citizens committee for furthering the organization of a junior college district that would serve Will and Grundy counties and a portion of Kendall.

A Class 1 district would receive federal as well as state aid in the building and operation of a junior college.

Under the law as it now stands high school districts not a part of a junior college district will be required to pay tuition for their graduates who desire to attend a

junior college. To provide the funds for this a high school district may levy a tax up to three cents per \$100 of equalized assessed valuation.

The law is not quite clear, it was pointed out, as to what a high school district would do if the three-cent tax fails to provide sufficient funds.

It is claimed by those promoting the tri-county district that the total valuation should be high enough to enable a junior college to operate on a 10-cent tax rate.

If that should be true, then some feel they could get support from the establishment of a college district because the difference would be only seven cents, or \$7 per \$1,000 of equalized assessed valuation over the \$3 per \$1,000 levy.

Any support of a junior college district in this area, it was pointed out, would have to come from individuals or committees. The Lincoln-Way high school board of education will not become involved as a board, it was declared sometime ago.

SAYS FLUORIDATION SAFE

Dear Sir: Concerning an article in the Frankfort Leader dated Jan. 20 on fluoridation I should like to make a comment about the safety of fluoridation. It was stated that great care had to be used in fluoridating the water and this is true, the same as in the use of chlorination, but no greater. Thousands of communities large and small have chlorinated and fluoridated their water with no ill effects, only beneficial effects.

The machinery involved with mixing the fluoride has safety devices to control the process. All of these things are rigidly controlled by the Public Health Service. In over twenty years of community fluoridation there has never been a case reported of excess fluoride being accidentally injected into a water supply. There has never been a Public Health Measure that has been so widely and carefully studied, tested and retested. Many communities have seven and eight times the amount of fluoride occurring naturally in their water supplies than is recommended in artificial fluoridation. One part fluoride per million parts of water is the ideal concentration recommended. Communities that have enjoyed the benefits of fluoridated water have reported an average of sixty-five per cent reduction in dental decay. Certainly this is a wonderful benefit that our community could also be enjoying.

Sincerely,
Dr. Joseph P. Petnuch
(The Frankfort Village Board agreed to drop the subject of fluoridating the village water supply, for the time being at least, because of the high cost of the necessary equipment.)

Garbage Cans Now A "Must" At Orland Pk.

During the next two weeks persons found violating provisions of the ordinance covering garbage collection will get a warning--after that POW! Arrest tickets will be issued and persons so served will face court action on charges of maintaining a nuisance.

Garbage must be placed in garbage cans equipped with close fitting lids. People who use oil drums as garbage cans are warned to cease. In the first place the garbage pick-up crews won't handle such drums on account of their weight, village officials said, and in the second place, they are considered unsanitary and a lure for vermin. "The worst offenders," said Trustee Henry Moorehouse who brought the situation to the attention of the village board Monday night, "are those who set out their garbage in paper sacks and

cardboard cartons. Between animals and the elements such a situation soon becomes a deplorable condition, unsightly and un-

sanitary."

The village board issued a warning. It will give such violators two weeks to acquire garbage cans, with lids, and put them out only on the day the garbage collection is made. Garbage cans are not to be left standing at the collection points.

Re-elect Board Of Mokena State Bank

A six per cent dividend was declared by the board on Dec. 20.

Grade School Caucus Chooses Committees

At the organizational meeting of the Dist. 230 high school Caucus held at Sandburg high school four members were elected to the executive committee and an appointment to the group to fill a vacancy was approved.

Also chosen were four members for the candidate screening committee: Theodore Walters, Hickory Hills; Robert Kotik, Palos Heights; William Shell, Orland Park, Mrs. L. J. Smith, Orland Park.

Those who will serve on the executive board are: W.S.

Nebe, Mrs. Robert Voras, George Gallagher, and Mrs. Hobart Newman, all of Palos Park. John Pearson was named to fill a vacancy. Pearson, who is treasurer, reported a balance on hand of \$302.13 as of Jan. 10.

Thirty-three delegates and three alternates, representing 18 organizations, and four members of the executive committee were present.

The Caucus eventually will select candidates for the two places to be filled on the high school board in April.

Auxiliary Police Pay Tribute To Members

At the January meeting of the Will County Auxiliary police awards were given three members for their work. Kenneth Roberts and Charles Jenkins, Joliet, received citations for their aid in the apprehension of seven suspects in a tavern robbery at Joliet. Howard Croxson, Peotone, received an award for his work at an airplane crash at Peotone. Because of his efforts, it was stated, investigators of the Civil Aeronautics Board found their work halved.

An award is to be given the widow of Lloyd Leupold, commemorating his many

years of service as a deputy sheriff in Will county. Mr. Leupold died last fall.

Guests at the last Auxiliary meeting included Roy Hassert, chairman of the Will county board of supervisors, Supervisor Robert P. Weidling, of Wilmington, and Dick Gilbert, of Woodhill subdivision. Paul Wellwanger, chairman of the Du Page branch of the "Citizens for Better Literature," and Edward Krusak, of the Chicago chapter of "Citizens for Decent Literature," gave brief talks and showed films.

The next meeting of the Auxiliary will be Feb. 20.

RAYMOND BENTZ, (third from right), principal of Amos Alonzo Stagg high school in Dist. 230, has been installed as president of the Worth Kiwanis club at ceremonies conducted by Robert Sinn, Kiwanis lieutenant governor (second from right). The others in the picture, beginning at the left, are: Edward Kennelly, installed as treasurer; Glen Haynes, vice president; Vern Van Doren, retiring president passing gavel to Mr. Bentz; Mr. Sinn, and the club's newly installed secretary, Wayne Koetz. Mr. Bentz was formerly on the administrative staff at Carl Sandburg high school.

Palos Lions To Stage Annual "Vegas Nite"

Silver Lake Country club, Orland, will be the scene of fourth annual "Las Vegas Nite" of the Palos Lions club this Saturday, Jan. 29.

There will be dinner, dancing and an opportunity to try one's luck or skill at various games -- for stage money.

There will be roulette, black jack, poker, dice and many other games, with the Lions serving as dealers.

Tickets are \$4.50 and may be purchased from Lions club members or at the door. Proceeds will be used by the Lions for their charitable and welfare programs.

Last year the Palos Lions raised \$3,899.31 thru their efforts on Candy Day, Pancake Day, "Las Vegas Nite" and a Drury Lane theater evening. The club spent \$4,790, which meant that a substantial portion of their dues went for welfare. They reported that \$3,640 was given to local activities, \$1,100 to aid the blind and \$50 outside the community.

Lincoln-Way and Sandburg Fives To Battle Tomorrow

BY TOM SCARTH
The Knights of Lincoln-Way dropped a close 69 to 65 decision to Oak Lawn last Friday night in a "must game" in the Southwest Sub-urban crown race. It was the first defeat in 15 homegames for the Knights who are now

4-4 in conference play and 7-8 overall. The win left the Spartans with a 5-3 conference record, knocking on the door to first place.

The first period of play saw the lead change hands two times, but at the sound of the buzzer the Knights were atop 19 to 18. The second period was very much like the first, see-saw and unpredictable. Dave Eden showed some fine outside shooting in pacing the Knights to their half-time advantage of 35 to 33.

In the third period the Knights were held to 11 points while the Spartans picked up 16 to take a lead of 49 to 46.

In the fourth period Keith Schram and Bill Stanfill, who contributed 22 points between them, left a large gap in the Knights offense when they exited the game by way of personal fouls. Larry Sorensen and Steve White substituted for Schram and Stanfill and the Knights were able to keep pace with fourth period action scoring 19 points to Oak Lawn's 20. But the third period left its toll and it became the deciding stanza.

Jim Coons sparked the Spartans with 23 points while Mike Seitzinger paced the Knights with 15 points.

The game was won more or less on free throws with Oak Lawn shooting 23 out of 31 and the Knights 13 out of 18.

Mokena Pony Cagers Win Taft Tourney

Mokean grade schools lightweight and heavyweight basketball teams earned trophies this past week while participating in the 18th annual Taft grade school tournament in Lockport.

The lightweight team won the championship in their division by defeating Limestone 33-28.

The heavyweights earned fourth place after losing to Braidwood 59-51 in the consolation finals.

Seitzinger and Warning controlled the boards by out rebounding Oak Lawn 34 to 15.

The Frosh-Soph team won by a score of 60 to 50. Tomorrow the Knights battle the Sandburg Eagles at Sandburg. In an earlier meeting the Knights won 61 to 60. Frosh-Soph play begins at 6:30 p.m. and the varsity game at 8:00 p.m.

Theater Group Plans Three One-Act Plays

The Palos Village Players are announcing plans for their next production to be presented March 25 and 26. In keeping with their policy to bring all forms of the theatre to the community, the Players will offer three one-act plays to be directed by Vera Moorehouse, Gordon Richards and Bonnie Shoemaker. Tryouts will be held Monday and Tuesday, Jan. 31 and Feb. 1 in the conference room (Directly below the Deacon's Bench) at the Village Courtyard, 8:00 p.m. The directors promise some excellent dramatic roles with one of the plays possibly one of the avantgarde type. In addition

to actors, stage technicians are needed.

As is traditional, the cast and crew of "Hi Society" the last production of the P.V.P. presented in early December, feted themselves to a party with about 70 attending. Director, Joyce Harley, handed out awards (Funnies) and an evening of dining and dancing followed.

The road-company of "Hi Society" (a miniature version of the revue) recently appeared at the Old Orchard Country Club for the Merchandising Executives Club of Chicago and will be appearing at the Sabre Room this week for the Hickory Hills Women's Club.

Will County GOP To Sponsor Lincoln Essay Contest

Will county students in the sixth thru eighth grades are being invited to participate in the Lincoln Day essay contest being sponsored by the county Republican central committee, according to Thomas Feehan, chairman.

The contest, open to all students of public, private and parochial schools is designed to bring attention to the "Ideals of Lincoln as They Live Today," Feehan indicated.

All county teachers have been notified about the contest and have copies of the rules and list of prizes.

The essays must be on the subject "The Ideals of Lincoln as They Live Today" and will be limited to 500 words. Judges, representing Will county's three colleges, will rate the essays on the basis of originality, grammar and neatness.

Prizes will include a \$100 U.S. Savings Bond for first

place, a \$50 bond for the second place winner and a \$25 bond for third place. An additional three honorable mention certificates will also be awarded, Feehan said.

The entries may be submitted collectively or individually to the Lincoln Day Essay Contest, 32 W. Van Buren St., Joliet. Entries must be postmarked not later than noon Saturday, Feb. 12.

Winners will be announced during the week following Lincoln's Birthday and special award ceremonies will be held at the school of each place winner.

In a letter to faculty members announcing the contest, Feehan noted that the goal of his committee is to "bring to focus the ideals of Lincoln as they live today. In Illinois, where Abraham Lincoln is foremost in our rich heritage, these ideals are especially meaningful."

lem" said Dr. Polley. "Apart from this, latest statistics show that 14,600,000 people suffer from heart disease. Another 13,000,000 are suspected to have some form of heart disease. An additional 6,900,000 people suffer from high blood pressure."

He further stated that 56.7% of all the deaths in Will county from any causes whatsoever, are caused by heart and cardiovascular diseases.

Dr. Polley has been a lifelong resident of Joliet graduating from Joliet Junior college. He attended the University of Illinois where he received his B.S., M.B. and M.D. degrees and he served with the U.S. Army Medical Corps in the European theatre of operations. He is now practicing internal medicine and cardiology altho he takes time to be active in many civic and charitable organizations. He is presently a member of the Illinois Heart Association board of directors and has served in many capacities with that organization, the American Heart Association and has served as chairman of the rehabilitation and research committees. He is a past president of the Will-Grundy County Medical Society, a member of the Illinois State Medical Society and the American Medical Association in addition to a large number of medical associations and organizations.

Postmasters Get Cut In Work-Week Hours

The new look in post office window hours, as per instructions from Washington, will not make any changes in the area, except at New Lenox.

At New Lenox the post office will be open all day Wednesday for window service instead of closing at noon.

Under plan outlined by Postmaster General Lawrence F. O'Brien, post office window service would be authorized on Saturdays, Sundays and nights, if necessary.

What this week-end work would do to the new 40-hour week for postmasters is something for the new math, it was pointed out. Since Jan. 1 postmasters have been required to put in 40-hours a week or more on the job (and this does not include public relation work or banquet appearances). Previously postmasters were required to put in 48 hours or more a week on the job.

Post offices in the area do not give window service Saturday afternoons, Sundays or evenings, except before Christmas when they keep open extra hours to accommodate the public.

Open Letter from the Hirschs

Dear friends,

The present-day funeral has evolved through the years from man's instinctive desire to pay tribute to the life of a deceased person, and man's belief in a spiritual life hereafter.

It reflects our folkways and social customs, and our civic and health rules. The modern funeral symbolizes man's ideals, his hopes, his religious beliefs.

Respectfully,

Their hearts were in the right place, especially since the occasion was in memory of one of their departed playmates.

Kathy Ayers, age 12, daughter of Mr. and Mrs. Frank T. Ayers of 6819 Evergreen, Palos Heights, died of kidney disease on Dec. 21.

8-Card Of Thanks

CARD OF THANKS
We wish to thank our friends and
neighbors for their kindness, and
cards sent to me while a patient
in the hospital.
Mr. & Mrs. Joseph Kaiser

CARD OF THANKS
Dear friends, as many of you found
the words I'm sorry not quite enough
to say, so we find thank you so little
for all the wonderful things you have
done for us. To those of you who
sent flowers, brought food into our
home and gave money to help things
along, we will always be grateful
and to you who visited Herbie in the
hospital and gave blood that was so
vital to his last few months we can
only say what can we ever do for
you. While we feel our loss is
something we will never overcome.
Your presence and your sympathy
during our deepest sorrow has been
a great comfort. We can only say
thank you all so very much and
we are proud to be part of such a
wonderful community.
Sincerely
Joan & Herb Neumayer

Good Old Bell Will Again Telecast IHSA Cage Tourney Finals

The semi-final and final games of the 59th annual Illinois high school basketball tournament will be telecast by WGN-TV (Channel 9) on Saturday, March 19, says Albert Willis, executive secretary of the Illinois High School Association. The telecast will be sponsored by Illinois Bell Telephone.

Willis said that the two quarter-final games on Friday night, March 18, also will be carried by WGN-TV. Western Electric Company will sponsor the Friday night telecast.

The IHSA tournament telecast--which will be viewed by an estimated 2.5 million fans--has been sponsored by Illinois Bell since the program was originated in 1952. Games will again be played this year in the 16,000-seat Assembly hall at the University of Illinois, Champaign.

Sportscaster Jack Drees, who has covered every IHSA tournament except one (1963), returns again this year. Drees has reported action in basketball, boxing, football, and golf from all points across the nation. He will be joined by WGN-TV's Vince Lloyd, the radio "voice" of the Chicago Cubs, who returns for his second

year.

The third sportscaster will be a newcomer to the tournament, Bob Starr of WMBD-TV, Peoria. Starr has had several years experience calling both high school and college basketball--including the IHSA on radio.

Silver Lake Greens Supt. Will Speak At Penn State U.

Dudley Smith, greens superintendent at Silver Lake Golf club is to speak at the annual turf conference at Pennsylvania State university Feb. 23.

"Orland Park, Golf Center of the World," the slogan of that village will also be the subject of Mr. Smith's talk.

He said he will attempt to explain why Coghill, Glen Eagles, Hickory Hills, Big Run, Oak Hills Westgate Valley and Silver Lake are the heaviest played and best conditioned daily fee golf courses in the nation.

He will cover the type of turf grown at Silver Lake, maintenance practices, size of work crews, how budgets

Last year the Collinsville "Kahoks" beat the Quincy "Blue Devils" 55 to 52, for the state title.

Friday night's quarter-final games start at 7 p.m. Semi-final games start at noon Saturday and the finals at 7 p.m.

are spent and other things that make the difference between a good course and a poor one.

Players, unless they are early birds or late stayers, seldom encounter the maintenance crews and hardly ever meet up with the man in charge, the greens superintendent. As a matter of fact -- a survey taken in locker rooms undoubtedly would show -- most players don't know there is such a title or person, also he is a most important man.

Mr. Smith was graduated from Penn State in 1954 with a bachelor of science degree in agronomy. After serving a hitch with the army in Germany he came to Silver Lake in 1959 as greens superintendent.

Pick Teams For Rockford Cage Tourney

The Rockford Classic Holiday Basketball Tournament field has been completed for 1966. The tournament will again be held at Boyland high school on Dec. 27, 28, 29, and 30. The following teams are entered for 1966.

Carl Sandburg, Orland Park, Peoria Spalding, Peoria Manual, Oregon, Mundelein, Dundee, Antioch and Dixon.

Also Chicago Carver, Chicago Harlan, Evanston, Wilmette, Wilmette Park, Rockford Auburn, Rockford Boyland Central Catholic, and Rockford Guilford and Loves Park Harlem.

Harlem high school is also looking for a game. It has an open date Nov. 26 for a game away from home or if the game had to be at Har-

medal, 1st place; silver medal, 2nd place; bronze medal, 3rd place; rose-bronze, 4th place. Team trophies to the champions and runner-ups. An outstanding wrestler award to the school with the outstanding wrestler as elected by the three officials. To each champion a framed placard made by the members of the Reavis varsity wrestling team.

The tournament will begin at 12 noon with preliminary bouts; the semi-finals immediately following the preliminary bouts, allowing for a 5 minute break. Consolations at 7 p.m. and the championships at 8 p.m.

All wrestling will be conducted on three foam mats, except for the championship when only one bout will take place at a time.

Admission cost; student 50 cents, adults \$1. all sessions.

Invitational Mat Meet On At Reavis

The 12th annual Reavis sophomore invitational wrestling tournament will be held Saturday, Jan. 29 at Reavis high school, 77th and Austin ave., Oak Lawn. It is said to be the only one of its kind in Illinois.

This 12th annual tournament is for under-classmen only. It provides a climax to the sophomore wrestling season for most of the schools involved. The schools entered in this years tournament are some of the finest competitors in high school wrestling in Illinois. The schools participating are: Bremen (Midlothian), Lincoln-Way (New Lenox), Carl Sandburg, (Orland Park), Oak Park-River Forest, Barrington, Stagg (Palos), Fractional South (Lansing) and Reavis (Oak Lawn) defending champions.

Medals are awarded to the first four places at each weight classification; gold

BY: RICHARD DeLANO ASSISTANT COOK COUNTY FARM ADVISER IN ORNAMENTAL HORTICULTURE AND FLORICULTURE

Mid winter is here and right along with it is the convention season. One convention that was recently held in Chicago was of special interest to gardeners.

At the Illinois State Nurserymen's Association Convention in the LaSalle Hotel, several interesting products were on exhibit. Some products were new this year while others, although not new, are unfamiliar.

Completely new is an aluminum screen that is designed to prevent rabbits from gnawing and destroying new trees and shrubs. The screen itself is fairly attractive, comprising a series of diamond shaped holes in the expanded metal. For convenience it comes in flat pre-cut sections that are wrapped as a collar around the tree. Large users can obtain the material in rolls. Although other materials such as heavy tinfoil and newspapers can also be used as a rodent barrier, this is perhaps the first time that such a screen has been specially designed for such a purpose.

Several sprays can also be used to protect plants from rabbit injury. However, if only a few trees are involved the mechanical barrier may be the more practical approach.

The person with the tiny garden that needs to spray only a few plants was not forgotten by manufacturers at the convention. A one quart pistol grip operated sprayer was displayed. The light weight plastic device gave the overall appearance of a fire extinguisher. The sprayer was made even more useful by the specially packaged weed killers and insecticides that accompanied it. The chemicals were packaged in small plastic envelopes about the size of a sugar packet. Since the premeasured material was in liquid form, only a minimum amount of mixing is required. The plastic sprayer simply constructed

lem, that could be arranged, it was stated. It also was said that a two-year home and home contract could be entered into if desirable. Harlem is in the Northern Illinois Big Eight conference.

and should be easy to clean after use.

Preplanted shrubs such as roses were also in prominent display this year. They come in six inch square or round cartons that contain an inner carton that is lifted out and planted directly in the soil. This inner carton then disintegrates and permits the free penetration of

the roots into the soil.

They have the advantage of being easier to ship and store before planting. They are easier for the homeowner to plant since less soil has to be worked.

BUILDING PERMIT

A Cook county building permit for a residence costing \$24,800, for James W. Gee, Jr., Orland Park, has been issued. The house is to be erected at 14850 S. 80th ave., Orland township. The contractor is Gee Construction Division.
